

Hi, thank you for this opportunity. I would like to support my local radio station K-love, a Christian radio station that is wonderful for the whole family to listen to without cussing and immoral things. K-Love is sending me information that it may be negatively affected if it were to be displaced by an LPFM broadcaster providing other programming. Please keep the K-LOVE signal, it is impacting our whole family and even our community. Many San Antonians support K-love and appreciate this station's positive and encouraging messages, which we share with our bumper stickers, co-workers, and carpools. The message of K=Love is hope and helping and all-around good, there are no other radio stations like it that play great contemporary music, positive and godly.

Thank you for listening and hearing me.
